Functional Products for Harley-Davidson Electra Glides

CD Storage Pouch (model GP-1) Installation Instructions

Congratulations on your purchase of the CD Storage Pouch Set for fairing lowers. This product provides easy storage and quick access to your CD's for your Electra Glide equipped with lower fairings. The installation is straightforward, easy and is the same for each model. If you have any questions email *support@eglidegoodies.com* or call (760) 753-4642.

Inventory: The CD Storage Pouch Set includes two Koskin Leatherette Pouches, two glove box Clip-Frames and installation instructions.

Installation:

- 1. Remove a fairing lower glove box door from the glove box by unsnapping the four snaps. Release the glove box door retaining cord by pushing the cord through the retaining hole. The glove box door is now free.
- 2. Hold the glove box door with the front side up and position one Clip-Frame as shown below. Slide the Clip-Frame over the bottom of the glove box door as far as it will slide. (Note: The glove box door should slide inside the left and right tabs and inside the clip with snap.)

3. Place the front of the glove box door with attached Clip-Frame behind the Pouch and beneath the strap at the rear of the Pouch. Line up the Clip-Frame with the snap on the rear of the Pouch and the snap on the strap. Now snap together each snap.

4. On one side of the Pouch depress the rear most piping in the location of the Clip-Frame tab and insert this piping beneath the tab as shown below. Repeat this for the other side of the Pouch and Clip-Frame. This will secure the Pouch to the Clip-Frame.

- 5. Re-attach the glove box door and retention cord to the fairing lower glove box.
- 6. Repeat these procedures for the other CD Storage Pouch, Clip-Frame and glove box door.
- 7. Remember to fill out and return your warranty registration and questionnaire card.

Caution!

You should not ride the motorcycle while opening, using or closing the CD Storage Pouch! You should safely pull off the road and come to a complete stop at a location away from moving traffic prior to use!

We welcome your feedback! Please email your comments about this product or installation to *support@eglidegoodies.com*.
